The following is my journey to becoming an agent of change...

**ONE REASON PEOPLE
RESIST CHANGE IS
BECAUSE THEY FOCUS
ON WHAT THEY HAVE TO
GIVE UP, INSTEAD OF
WHAT THEY HAVE TO
GAIN.**

What is a pilot approach to change?

Small scale modifications that are implemented for observation, data collection, and analysis before making a large scale change

Trial/Test Run before full implementation.

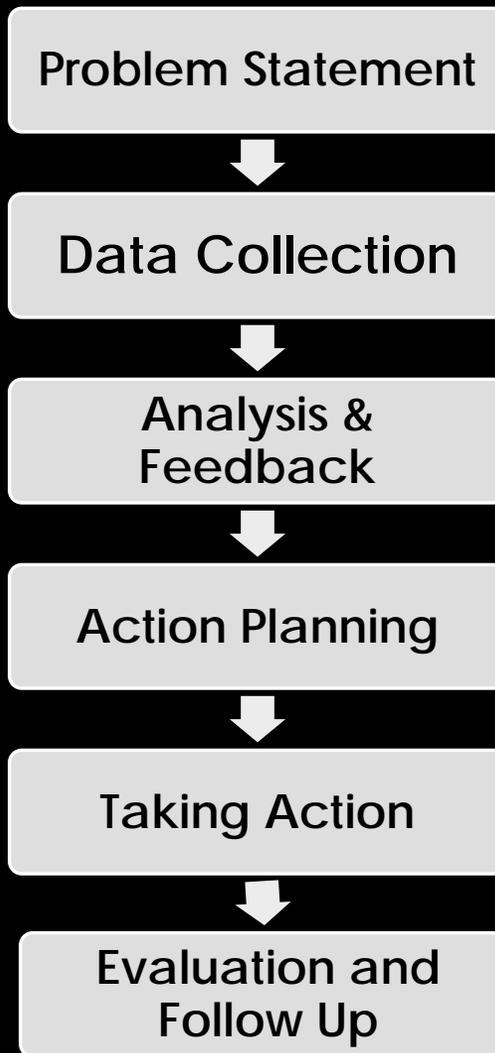

Pilot Approach

Design & Planning are critical steps

Reduces risk; identifies areas of improvement

I think the thumb print on the throat of many people is childhood trauma that goes unprocessed and unrecognized.

PLAY IS OFTEN TALKED ABOUT AS IF IT WERE A RELIEF FROM SERIOUS LEARNING. BUT FOR CHILDREN PLAY IS SERIOUS LEARNING. PLAY IS REALLY

THE WORK OF CHILDHOOD.

<p>Goal: The team will demonstrate that school readiness is achievable through play based learning environments that meet the required standards and guidelines.</p>	<p>Expected Date: June 2018</p>
<p>Benchmark 1:</p> <ul style="list-style-type: none"> • Creative Curriculum will be implemented in an open ended environment in which children can explore as a choice. • Classroom schedule will be altered to support more choice and autonomy. • CLASS observation will be completed in September & December on Educators; results compared to control group and shared. • Children’s outcomes from Teaching Strategies compared to control group in September & December. • Create action plan for improvements needed. 	<p>December 2017</p>
<p>Benchmark 2:</p> <ul style="list-style-type: none"> • Determine progress of action plan. • Teacher interviews in pilot and controlled classroom. • Revise action plan if needed. 	<p>February 2018</p>
<p>Benchmark 3:</p> <ul style="list-style-type: none"> • CLASS observation will be completed again on Educators; results compared to control group and shared from September until now. • Children’s outcomes from Teaching Strategies compared to control group from September until now. • Create a plan for change. 	<p>April 2018</p>
<p>Benchmark 4:</p> <ul style="list-style-type: none"> • Propose plan for change to leadership team. • Invite 2 more pilot classrooms to join. 	<p>June 2018</p>

Barriers & Challenges of Pilot Approach

- ▶ Pilot was implemented; however, the results were not used to influence the change.
- ▶ Pilot was implemented on small scale; but not realistic on a larger scale.
 - ▶ Pilot was implemented, but full implementation is too costly.
- ▶ Pilot cannot be implemented because the change needs to occur immediately.

What does this mean to you?

What might this look like?

In what ways are you already an agent of change?
